

SPS Farm, Inc.

Full Care Boarding - \$425.00 monthly

Feed and Supplements

Note that at SPS Farm, Inc., feeding programs are designed for each horse to ensure optimal condition. We do not set maximum amounts and require the owner to pay for addition feed.

- Twice daily feeding
- Equine Adult (as recommended by the veterinarians of UGA Equine Medical Center)
- Bermuda Mix Hay
- Continuous Wormer
- Daily Vitamins (generic form of Equimarine vitamins)
- Daily Electrolytes
- Owner-supplied Supplements
- Mineral/Salt Blocks in every field
- Hay provided in field as needed as well as in stalls

Stabling

- 12'x12' stalls in the upper barn with matting
- 10'x12' stalls in the lower barn
- Stall fans provided for each horse
- Individual stall lighting and electrical outlets
- Daily stall cleaning with deep sawdust bedding
- Daily turnout except in inclement weather or excessive heat
- Fly masking and blanketing as needed for the horse's comfort
- Daily monitoring (immediate contact with owner in case of injury)
- Assistance with minor veterinary care

Other Amenities

- Tracking and scheduling of all shots (owner need not be present)
- Tracking and scheduling of all shoeing (owner need not be present)
- Fly Control for the entire property
- Ability to come anytime on any day
- Full use of both arenas (lessons are scheduled with visiting instructors and are posted in the barn – please be courteous and ask before entering the arena during lessons – at least one arena is usually available)
- Full use of lounge (includes refrigerator, dishes, stove/oven/microwave and full bathroom)
- Tack room with de-humidifier
- Trailer parking
- Unlimited use of the swimming pool in the summertime
